Description : Description du produit Jack London is better known as the successful and popular author of adventure stories such as White Fang, and The Call of the Wild than as an alcoholic pessimist who finally took a fatal overdose of morphine in 1916. John Barleycorn, published in 1913, subtitled "Alcoholic Memoirs," eventually shattered the image of the ruggedly good-looking, energetic and intrepid hero who had been everywhere and seen everything. With his style at its most personal as he explores his own mental states, London achieves a painful kind of autobiography that cuts through the thin skin of his self-esteem.

Prsentation de l'diteur This edition includes 10 illustrations. A work autobiographical fiction, Jack Londons John Barleycorn, whose title is derived from a folksong featuring the barley crop personified, addresses both the authors love of and struggle with excessive drinking. Published in 1913 after the novelist had achieved considerable success thanks to his books The Call of the Wild and White Fang, John Barleycorn is a

personal memoir that's easy for modern audiences familiar with frat-like drinking culture and deeds of alcohol-fueled masculinity to digest, but it was a shocking revelation at the time of its release, forever changing public perception of London's hitherto clean image. *Revue de presse* one of the most memorable of all boozing odysseys' *Times Higher Education Supplement* 'It is an extraordinary work, boastful and denying by turns ... suspiciously protesting in its detestation of alcohol, but also wholeheartedly committed to the machismo of hard drinking.' Brian Morton, *The Times* Presentation de l'auteur This edition includes 10 illustrations. A work of autobiographical fiction, *John Barleycorn*, whose title is derived from a folksong featuring the barley crop personified, addresses both the author's love of and struggle with excessive drinking. Published in 1913 after the novelist had achieved considerable success thanks to his books *The Call of the Wild* and *White Fang*, *John Barleycorn* is a personal memoir that's easy for modern audiences familiar with frat-like drinking culture and deeds of alcohol-fueled masculinity to digest, but it was a shocking revelation at the time of its release, forever changing public perception of London's hitherto clean image.
