Description : Description du produitThe phrase "life's little ironies" is now proverbial, but it was coined by Hardy as the title for this, his third volume of short stories, including such classics as An Imaginative Woman and A Tragedy of Two Ambitions. Unified by his quintessential irony, strong visual sense, and engaging characters, these stories deal with the tragic and the humorous, the metaphysical and the magical. This edition is the first to be based on a critical examination of all available manuscript and printed versions of the texts.

includes wireless delivery. Biographie de l'auteur Thomas Hardy was a poet and novelist of the naturalist movement. He trained as an architect. He was a religious man who was also deeply influenced by Darwin and fascinated by ghosts and spirits. During his lifetime, he was best known for his novels. His stories combine nuanced description of natural surroundings with the sense of impending moral crisis. He claimed that poetry was his first love, though, and in recent years his poetry has received much critical acclaim.
