## Description :

Prsentation de l'diteurIn Edwardian England a vow of friendship is a thing of innocence. produce" (Sunday Telegraph)"Sex, suspense and rip-roaring romance" (The Times)"Saunders writes with real pathos... a rattling good yarn" (Sunday Times)"A rich, rollicking novel you don't put down easily" (Independent on Sunday)"Saunders joins the blockbuster hall of fame with this big splash of a romantic novel" (Daily Mail)Presentation de l'diteurIn Edwardian England a vow of friendship is a thing of innocence.
