Description :

Prsentation de l'diteur Photography: Develop your skills one shot at a timeThis is what they didn't teach you at the Camera store. Want to become a better photographer? What do you have to do to improve? Do you need to learn the basics? Or refine your skills? This is the book for you. It covers camera technique, from composition to advanced modes that will help you become a better photographer and improve your pictures and photography. If you really want to become a better photographer, you need to spend time practicing and learning how to properly use your camera to its full potential. This book will teach you to get off of automatic and achieve great results. The truth is, everyone who has the passion and desire can become a great photographer. The only real difference between professionals and novices is desire and dedication.

This book will take your knowledge to a level where you can talk with other photographers and know what you are talking about. Your friends will ask you how you take such great photographs. And best of all, you will know that what makes you a great photographer, is not your camera, but your own creativity and passion. Don't be fooled by all the fancy technology out there, it is useful but it is useless if you are not equipped with the knowledge to properly use it. This book will give you the tools you need to develop your skills, one shot at a time. If you want to improve your photography and your pictures this is the book for you. There are camera tips here that will make you a much better photographer. Take it as a photography lesson that is a lot more efficient than some of the other drawn out photography books for kindle. There are many how to photography books out there, but this one is the one you need if you want to improve without breaking the bank. There is a workbook associated with this book that can be found at http://www.com/The-Photography-Workbook-ebook/dp/B008DG6IFO/ref=sr_1_12?ie=UTF8qid=1340345989sr=8-12keywords=eric+dahlin Or this book combined with the workbook at http://www.com/Photography-Develop-skills-workbook-ebook/dp/B008D37ERS/ref=sr_1_9?ie=UTF8qid=1341074797sr=8-9keywords=eric+dahlin Prsentation de l'diteur Photography: Develop your skills one shot at a time This is what they didn't teach you at the Camera store.
