Description :

Prsentation de l'diteurThe Apartment Block and A Cortijo in Spain is a book of linked short stories about the lives of different people living in the same block of flats.The characters all have different approaches to life and now and then their lives coincide or even collide. The outcomes are never truly satisfactory and we see them through different perspectives, sometimes through the first person I or the third person he or she. The narrator remains mysterious.Philosophical ideas and notions of power also bind the stories together.The Apartment Block serves as a cautionary tale for all those flat dwellers out there whilst its companion piece A Cortijo in Spain highlights the differences experienced by the one character who goes to live in another

culture. Ultimately life, as it says at the beginning of the book, is always lived on the edge and fear is never far away.
